**Consent to use and disclose health information**

This consent form is required, according to Federal HIPAA regulations, for me to provide services. It documents agreement with the NPP form.

This form is an agreement between you, \_\_\_\_\_ and Dr. Kindra Westercamp. For the purposes of this consent form, the word “you” may refer to you, your child, a relative, or other person if you have written his or her name here\_\_\_\_\_.

When I provide examination, testing, diagnosis, treatment, or a referral for you, this will include the collection of what the law called Protected Healthcare Information (PHI) about you. This information is necessary in order to decide what treatment is best and to provide it. This information may be shared with others who provide treatment to you or need it to arrange payment for your treatment or for other business or government functions. By signing this form, you are agreeing to allow the use of your information here or with others as is explained in more detail in the Notice of Privacy Practices (NPP). It also details your rights. Your consenting to this form approves the practices detailed in the NPP summary and full NPP. In the future I may change some of these policies. If so, it would be described in a new NPP. You can get a copy by asking me or by phone or in writing.

If you have concerns about some of your information, you have the right to ask me to not use or share some of your information for treatment or administrative purposes. You would have to communicate in writing what you are asking. After receiving it, although I am not required to agree to the request, I would let you know if I can agree with the limitations. If I agree, I will do my best to do as you asked. After you have signed this consent, you have the right to revoke it by writing a letter to me, informing me that you no longer consent. I would no longer be able to provide treatment, because of the requirement of me to have a signed consent form in order to provide services. If I receive such a revocation of this consent, I will comply with your wishes about using or sharing your information from that time on, but I may already have used or shared some information in accord with this consent and of course would not be able to change that.
